

**More coverage...
Less time**

Mortex Ad-TEX Sprayer works with Kool Deck, Designer Colors, and Marquee.

The pressure settings for application should be set as follows:

Kool Deck	4.4 cfm
Designer Colors	4.4 cfm
Marquee	6.0 cfm

Ad-TEX™ Sprayer

For the Bigger Jobs

The Mortex Ad-TEX Sprayer is a non-mechanical, low pressure sprayer for applying Kool Deck®, Marquee or Designer Color deck toppings. The Ad-TEX sprayer makes small work out of larger deck applications.

- Faster than application by Dash Brush
- Easier and less physically demanding
- A simple, compact two-valve arrangement
- Better uniformity of texture with more control of topping thickness
- Cleaner application with less over-splash
- Easy cleanup, simply rinse with water
- Portable mounting on its own cart
- Tank hold 20 gallons of material

Note: A 5 hp air compressor is required to operate the Ad-TEX Sprayer.
