

Leaders in innovation for over 40 years

The Mortex Difference

Concrete Answers for Better Living®

For over 40 years, Mortex has been the contractor's choice for innovative and superior quality products. In 1962, Mortex revolutionized the swimming pool industry with the introduction of Keystone Kool Deck®, a product that literally changed the face of swimming pool decks forever. Since then, Mortex has continued to set the industry standards for product innovation, quality and customer service.

Today, Mortex is the brand to trust. When you're doing your best job, have the quality of Mortex products working for you.

Thank You for Choosing Mortex Toppings

Mortex concrete topping solutions are unparalleled for your concrete applications. All of Mortex concrete toppings are extensively tested to assure you of a quality product batch to batch, year to year. Whether you do new installations or are primarily renovation oriented, the Mortex product line offers you:

- The Original Kool Deck in a wide range of colors.
- Systex: an advanced polymer concrete topping system.
- Systex Stamp: custom patterns in polymer.
- Marquee: decking that defies the elements.
- A wide range of complementary concrete products.

Contact your local distributor and ask for Mortex.

Kool Deck: Cool Then, Still Kool

Be Sure it's the Original

Keystone Kool Deck® was invented by Mortex over 40 years ago. It is a beautiful, textured finish concrete topping that significantly lowers the surface temperature of concrete. Keystone Kool Deck features will please even your most discriminating customers:

Kool Chart

- Withstands thermal expansion and contraction better than concrete.
- Requires minimal cleaning.
- Proprietary mixture of natural organic

substances and synthetic iron oxide pigments.

- Environmentally safe.
- Unaffected by normal pool chemicals.

Designer Color COLLECTION

Colorful Alternatives

Designer Colors are an extension of the Keystone Kool Deck color line. Made of the same durable formula as Mortex's classic Keystone Kool Deck, the Designer Color Collection provides additional colors and a beautiful nonskid surface at the same low cost of the classic Keystone Kool Deck colors.

The colors of the Mortex Designer Color line are inspired by nature. This palette is made up of deeper hues, designed to compliment a natural landscaping environment. Even though this color collection is darker, it will be more comfortable than plain concrete in the heat of the summer months.

Polymer Topping: Beauty of Kool Deck, Ease of Acrylic

Excellent for New Decks or Renovation

Systex® polymer concrete deck system leads the industry in quality and ease of use. Systex is a three step system that provides a beautiful complement to new or existing pool decks, patios and other concrete decks. Homeowners and businesses can choose from an array of attractive colors, and get polymer durability that stands up to wear and weather for years. The Systex surface is more resistant to oil and grease stains than plain concrete. It is durable and like all Mortex products, has the ability to withstand high heat and freeze/thaw conditions. Systex is also perfect for renovating, giving a great look to drab or worn concrete.

- Surface cleans up easily and is more resistant to oil and grease stains than plain concrete.
- Has the durability to withstand high heat and freeze/thaw conditions.
- Texture gives a great look to otherwise ordinary concrete.
- Systex can be used with stencil and other decorative applications.

Creative Solution, Endless Options

Stamped Patterns Create Beautiful, Durable Topping Possibilities

Systex® Stamp is a versatile polymer concrete deck system that is ideal for renovation or custom concrete decks. This quality Mortex product allows the contractor to create unique and beautiful stamped patterns on existing concrete decks and walkways. Systex Stamp provides limitless color and pattern possibilities. From brick to rock patterns, this product allows for maximum creativity when a unique solution is required.

- Natural looking textures offer limitless range of decorative applications.
- Systex Stamp can be used with a wide variety of stencils and color finishes.
- Has the durability to withstand high heat and freeze/thaw conditions.

More Brawn, Same Beauty

Marquee: Weatherproof Pavement and Pool Deck

Marquee® is the first and best concrete decking material specifically formulated to defy cold weather climates . . . beautifully! Marquee is three times stronger than ordinary concrete. It is the striking new pavement alternative that is more beautiful and less expensive than pavers, flagstone, brick, cobblestone or tile. Marquee is extremely durable and resists damage from extreme freeze/thaw temperature changes. This means it looks great season after season. Marquee is cooler and more comfortable than ordinary concrete even on the hottest summer days. Marquee comes premeasured and pre-mixed to make installation fast and easy. Its incredible strength will virtually eliminate the need for expensive maintenance and repairs, saving money year after year.
